OBJECTIVE

Computer Science undergraduate with hands-on experience in web development, UI/UX design, and graphic design. Passionate about building clean, functional projects and solving real-world problems. Looking to grow in a professional environment where I can contribute and keep learning.

EXPERIENCE

Graphic Design Intern

Jun 2025 – Sep 2025

GaoTek Inc. (Canada-based company)

- Designed graphics for websites, logos, and promotional materials to support marketing campaigns.
- Managed multiple projects simultaneously with high attention to detail, consistently meeting deadlines.
- Served as team lead, coordinating with the design team to ensure timely and quality delivery.

PROJECTS

EcoFlow — Product Website

HTML, CSS, JavaScript · Netlify

- Built a fully responsive product landing website for an air purification startup featuring animated sections, pricing tiers, and FAQ.

ExpenseIQ — Expense Tracker

Python, Flask, SQLite · Render

- Developed a full-stack personal finance web app with expense logging, category management, monthly trend charts, and CSV export.

AI Disaster Alert Platform

AI, Prompt Engineering

- Designed and architected an AI-powered early warning and disaster monitoring platform using prompt engineering to simulate real-time global alert systems.

Food Delivery App — UI/UX Design

Figma · SkillHigh Hackathon, Dec 2025

- Designed a complete food delivery app UI/UX in Figma covering user flows, components, and visual design — built during the SkillHigh Live 24-Hour Hackathon.
